

URBANSTONE™

PERSONAL DESIGN SERVICE

1. One of our consultants will meet you at your home or office to discuss the UrbanStone design options available.

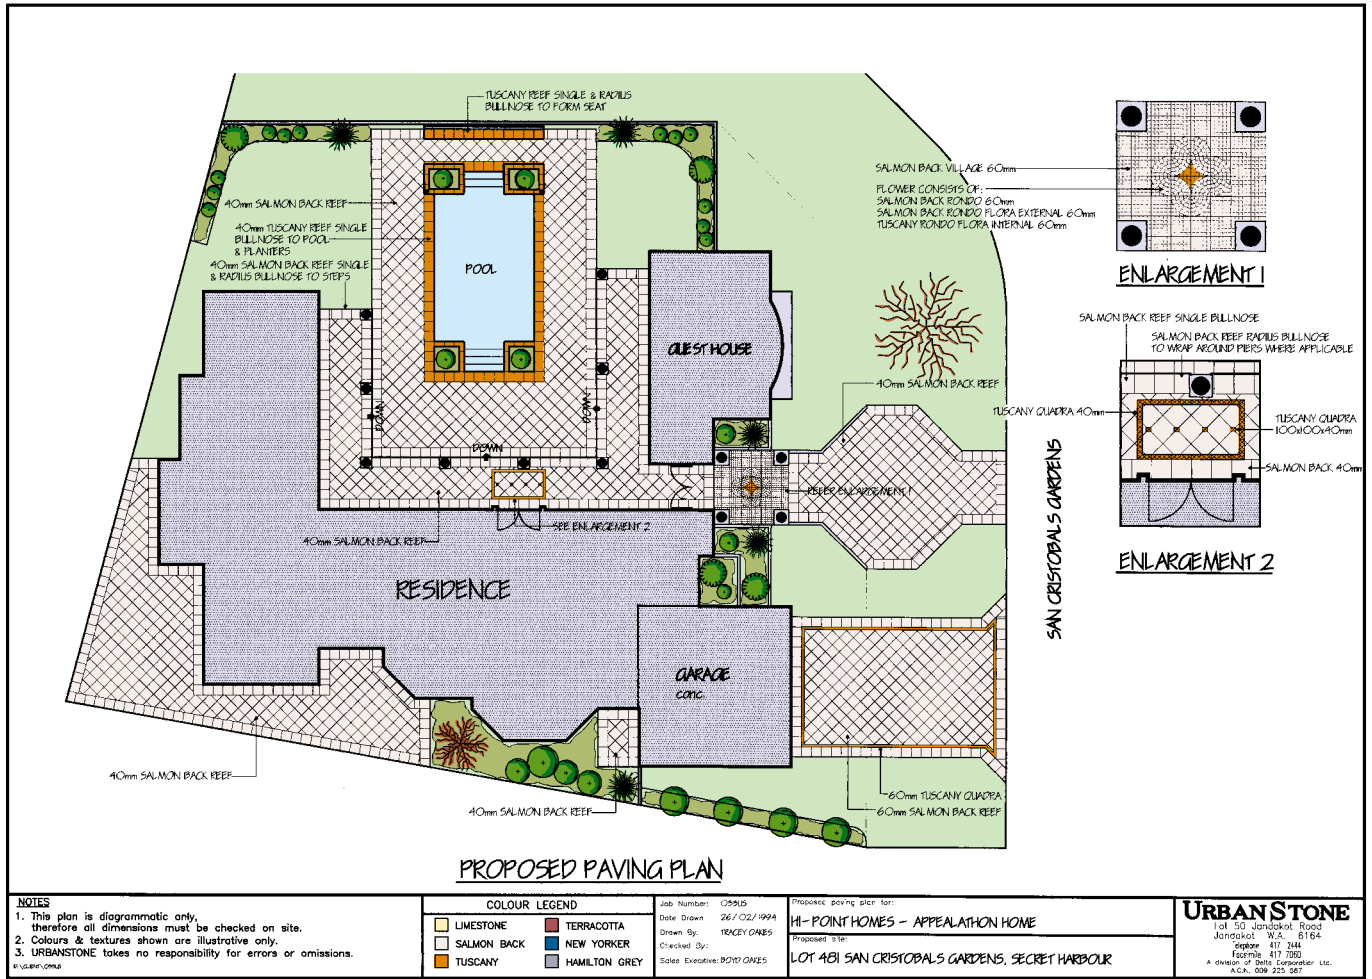

2. Aspects such as lifestyle, colour scheme and home design are considered and the most attractive textures and colours are selected from the UrbanStone collection.

3. Your consultant then passes these choices on to our computer designer and the two work closely together to bring your ideas to life.

4. Once completed, your consultant will present you with a full-colour, 1:100 scale drawing of your own magnificent individual UrbanStone design.

5. The Preliminary Paving Plan gives you a glimpse of how UrbanStone paving, borders, bullnoses and cladding will transform your home before you place your order.

6. The magnificent end result - Your new driveway paving.

7. Exceptional UrbanStone paved entertainment area.
